NORTH SOUND METRO SWAT	<u>INCIDENT TYPE</u> Riot Control	<u>SWAT CASE NUMBER</u> 2020-16296
<u>OUTSIDE AGENCY CASE NUMBER</u>		<u>REPORT DATE</u> 6/17/2020

On 5/30/2020 I responded as part of the North Sound Metro Swat team to assist with an operation in Seattle where we were called to support Seattle PD and other agencies with the preservation of life and property in the midst of ongoing looting and rioting in the downtown area of the city.

When we arrived at staging the team was given limited direction, but was tasked with responding to multiple areas of concern downtown. The area downtown was highly chaotic. The streets were filled with people, many of whom were holding signs and/or yelling and gesturing insults apparently directed at our team as we made our way from location to location. We responded to calls ranging from burglary, to assaults with weapons, and arson.

On many of these calls while I or other members of the team were standing cover, we had items thrown at us. On at least one occasion I was standing right next to a teammate who was hit with a rock that was thrown at us by someone in the crowd.

I did not deploy any chemical munitions or use any force during on anyone at any point through the night.

END.
